Real Security for Real Problems!

Thank you for taking the time to learn about the premier security company in the San Antonio, TX area. We have worked very hard to make sure that ***National Protective Services has the best screened, best trained, and most professional officers available.***

Having received the best available training, clients will not need to worry about inappropriate actions by the officers.

Our officers are high caliber personnel, many of them either former military or civilian law enforcement bringing with them immeasurable experience.

Officers can be armed or unarmed, depending on the needs of the client.
